AIMS & OBJECTIVES

- True education should aim at developing an all-round personality, moral and physical developments of the child. Education should result in the mental, moral and physical development of the child.
- It's a dynamic and permanent process for helping the students, respond to the challenges of his / her human calling and identifying himself / herself progressively with the new person in his / her triple relations with God, with other and with the world.
- It's not confined to the four walls of the school building complex, it should permeate into the wide spaces out side.
- Even in limited sense, it should reach out to encompass the home and society. With these objectives at heart, we work.

PRINCIPAL'S MESSAGE

Dear Students, Staff and Parents:

SHIPS ARE SAFE IN HARBOUR BUT THEY ARE NOT MEANT FOR THIS PURPOSE.

- Welcome to the 2026-27 school year! Our commitment at Swami Vivekanand Academy is to provide a safe and intellectually challenging environment that will empower students to become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the twenty -first century.
- My unflinching belief has always been that those who find pleasure in diligent, dedicated and disciplined life reap a bountiful harvest in the form of divine satisfaction. It is with this motto of my life I took over the charge of this esteemed organisation and it has been my constant endeavour to steer my teachers and students in this direction which I find most rewarding. My emphasis is upon the holistic development of a child by fostering a synergic blend between scholastic and co- scholastic achievements and a host of co-curricular and extra curricular activities which find a rightful place in the curriculum.
- High standards and expectations for each student in regard to academic performance, co-curricular participation, and responsible citizenship are the foundation of our school. It is with pride that we hold these high standards and ask each of our students to commit and maintain the extraordinary record of achievement and contribution that has been the legacy of Swami Vivekanand Academy students. It is the contribution of our students to our school community that makes Swami Vivekanand Academy an exceptional learning community. Full participation in academic and co-curricular programs and a willingness to act responsibly as an individual within our educational environment are the factors that enable all to have a successful and enjoyable year.
- Below are our beliefs regarding teaching and learning that we developed as part of this process. We believe that effective teachers:
- Create opportunities for intellectual risk-taking, collaboration, problem - solving and application of classroom learning to real life situations;
- Implement strategies that promote ownership of learning to students;
- Design instruction to integrate a variety of innovative technological tools and resources to enhance learning ;

- Demonstrate ongoing professional growth in order to increase the quality of instruction;
- Collaborate with colleagues to share and discuss exemplary practices, interpret student performance data, and design assessments that promote twenty-first century skills.

We believe that successful students:

- Communicate in a meaningful way for a variety of purposes and audiences;
- Demonstrate a sensitivity to the precision and nuances of written, visual, and aural medium through comprehension, interpretation, and evaluation;
- Employ critical and creative thinking skills to solve problems;
- Pose questions, examine possibilities, and apply skills to find solutions to authentic issues.
- Make positive choice related to physical and mental wellness; and contribution and respectful manner.
- The purpose of this diary is to make you plan and work systematically. This will make you regularize your work. Bringing this diary to the school is a must for all of you, as it will serve the purpose of an essential tool to keep the record of the instructions and home work given by the teachers.
- All the rules, regulations, calendar, annual activities, information regarding uniform and personal record etc, are given make you aware and alert for every moment. This becomes your earnest duty to maintain it regularly and get benefitted through it. This diary contains other useful information also, of which you should make proper use and must maintain it carefully.
- Parents, too, are requested to go through it and guide their ward for systematic and meticulous planning
- I wish you all a wonderful school year.

SUGGESTIONS / GUIDELINES TO PARENTS

Since parents have chosen this particular institution to educate their children, it is their duty to co-operate with the school in achieving its ideology for the pupils. Parents must cultivate in their children, regular habits of work and discipline and nurture in them a sense of loyalty to the school and respect to the teachers.

- (1) Parents are advised to attend parent-teacher meeting to follow up the progress of their wards.
- (2) Attend the meetings organised by the school authorities from time to time.
- (3) Sign the occasional reports from the Principal and teachers made in the School. Calender as a proof that they are read by them.
- (4) Fill in and sign the late attendance and leave record columns in this diary when the child is absent or late.
- (5) Show keen interest in the developmental programmes of the school and contributing actively with your time, talent and resources.
- (6) Not to disturb the classes by sending tiffin, books etc. once the school starts.
- (7) Prepare a file for your ward to record Circulars, Question papers- etc to know the system of school body.
